MONOLITH

A Monolith greslapok sokoldalúan használhatók fel bel- és kültéren, vizes és száraz területeken egyaránt. Tartósságuk és foltállóságuk miatt beépíthető konyhai- és fürdőszobai munkalapnak, vagy akár mosdókagyló is építhető belőle. Tűzállóak, ezért kandallók körül is használhatóak. Fagyállóságuk miatt, a Monolith lapok ideálisak épületek homlokzataihoz (TAS rendszer). Nagy forgalmú helyekre alkalmasak és lenyűgöző esztétikai hatást keltenek, így nagyszerű megoldás az elegáns és reprezentatív terek megvalósításához.

FEDEZD FEL AZ ÚJ NAGYFORMÁTUMÓ LAPJAINKAT, 120 X 275, ÚJ DEMINIZIÓBA HELYEZI A TERET
Nagy formátum – nagy hatás!
A nagyobb lapformátum egyben kevesebb fugát is jelent, aminek köszönhetően a tér karakteres és esztétikus lesz.
Egy lap elég a padlótól a mennyezetig.

TECHNOLÓGIA
BŐVÖLJÖN EL A LAPOK EGYEDI STRUKTÚRÁJA – ÉRINTSD MEG ÉS ÉREZD A SZÉPSÉGET
A legújabb technológia lehetővé teszi a minták precíz reprodukálását. A lapok felülete, a nemes márvány, a nyers sziklák és a durva kövek szépségével gyönyörködhet. A lapok felületének megérintésével megérezheted a rétegeket, ereket és repedéseket.
